Features

Manufacturers of the original NUTATOR® mixer. The NUTATOR® mixer is a gentle three dimensional rotating, rocking mixer which is at a constant 20° angle @ 24rpms with four rubber feet for non-skid stability. The mixer is ideal for use in hematology, blood-chemistry and other laboratory applications where a continuous gentle motion is preferred. The tray has a removable dimpled rubber mat for easy cleaning and can accommodate up to 15 or more 7, 10, or 15ml test tubes or any combination of similar vessels.
